

Patient Comfort Just  
Got An Upgrade

Eliminate unsightly metal clasps when you prescribe Zirlux Acetal. Its natural-color clasps fit on the tooth and not the tissue providing superior patient comfort and esthetics compared to traditional clasps.

**Prescribe Zirlux Acetal For:**

- Removable partial denture frameworks
- Bite splints/Night guards
- Cosmetic smile enhancers
- Provisional crowns and bridges

*Let us help you get  
started in upgrading  
your patient care.*
